## **ACTIVITIES**

1. The Department of Social Welfare with support from the home reintegrated a teenager with her mother in Akatsi.
2. Received 2 babies and 2 toddlers from the DSW to provide care and protection.
3. Received 3 vulnerable teenagers to be supported in their High school education and given other necessities of life

7. Organized a 2-day Praises Night to thank God for how far He has brought the ministry at Anto.
8. Organized our annual Christmas party at Anto where children from the community were invited and treated to food, sweets and gifts .

## **ACHIEVEMENTS**

1. Approved educational support for 10 non-resident young people who are in various universities across the country reading various degrees.

## lege of Education

## SHORT TERM PLANS

1. To sustain and deepen existing cordial relationship with friends and supporters of the ministry both locally and internationally as we strive to create new relationships for Father's Home to achieve our vision.
2. Maintenance of Anto Children's Home to the highest standards set by the ministry.
3. To continue re-integrating children and youth whose cases have been worked on and are ready to be re-unified with their families
4. Maintenance and expansion of the Agricultural project (vegetables, Catfish & Piggery) at Anto.
5. To maintain the social media platforms being run by the ministry i.e Facebook, WhatsApp, Instagram and Website to reach out to more people to join hands in the support of the ministry.

## MEDIUM TERM PLANS

1. To continue preparing young people in university for independent adult life.

## LONG TERM PLANS

1. To maintain, strengthen and increase our fundraising strategies by reaching out to more people via social media and other media available.
2. To acquire a land to build primary and JHS schools .

## **RECOMMENDATION**

1. Would entreat the DSW and DOVSSU to expedite work on finding and tracing families of children who are brought to the home for temporary care and protection as they stay longer making it difficult for the home to decide on their education and other essential needs which is disrupted when they are moved abruptly and thus affect their growth and psychological development.
2. Encourage the DSW to follow up on children who are brought to the home as they virtually abandoned them because they have found a place for the children especially children with special needs who are now “permanent residents” of the home .
3. Encourage the supervising authorities to do well to visit and monitor our activities as it helps in keeping up with government new policies and learn from their expertise.
4. Appeal to government agencies to give optimum support to the ministry when it comes to renewal of certificates and other documents that helps in the effective running of the children.

## **ACKNOWLEDGEMENT**

We end the year acknowledging God’s goodness because His word encourages us in **2 Chronicles 16:9a** which reads: **“For the eyes of the LORD run to and fro throughout the whole earth, to show Himself strong on behalf of those whose hearts are loyal to Him (NKJV)”**.

We are therefore grateful to God for finding us worthy to commit our best by providing love, care and protection for the children and youth to build a sense of belonging.

We also would like to be appreciative to all who availed themselves as vessels of blessings to the ministry.

To our dear friends and partners; **EVANGELICAL FREE CHURCH OF DENMARK**.

Again, to **LES AMIS DE FATHER’S HOME– SWITZERLAND** who have allowed themselves for God to use as vessels to bless this ministry.

Also to our dear friends in other parts of the world who never forget to bless us with your prayers, love, emotional, psychological and financial support which always come in handy and timely.

To our **LOCAL SUPPORTERS, BENEFACTORS and FRIENDS and LOVED ONES** who have been incredibly supportive as you could always be counted on to offer their support.

To **Alex Booth** from Bosch Rexroth Ltd who have been amazing to see to the completing of a library and computer lab which is fully furnished. Your regular support water and baby diapers has been helpful coupled with gifts and party for the children every Christmas made a great impact in our lives over the period under review.

Finally, to the board of directors, management, staff/parents who are always available to make decisions in the best

interest of the children and youth, we say more grease to your elbows

Also to the children for your participation in your care and protection adhering to directions, accepting discipline in good faith and supporting one another for your own benefits, we are grateful you gave us the opportunity to be parents/ caregivers to serve you.

We conclude with words of thanksgiving ( **YE DAASE, MERCI, TAK**) to God Almighty for His Grace and Mercies which saw us through 2023 to achieve His purpose for the ministry.
